

Syllabus

Francis Dixon, a pastor in England, put together some excellent Bible study material for his church.

The Syllabus below attempts to construct an SRE Curriculum from Francis Dixon's Bible Studies. Each lesson has a bible study sheet from which to develop teachers notes and student worksheets.

Each study can be developed quickly into a worksheet for SRE.

Headings can be altered into questions for young people to answer as you deliver the messages provided freely by clicking on the link.

Further find-a-words and crosswords can be developed for each lesson by picking key words.

Francis Dixon's material provides expositional material and topical material that can provide variety for your students.

Add useful DVD materials from your own resources to make these materials interesting and motivational.

Use Bible's in your classrooms to contribute to directed classroom discussions.

The folk at Calvary Chapel have made available some tremendous worksheets that are suitable for year 7 and 8 (maybe year 9 and 10 too). They have more than 300 freely available at their website.

Combined with Francis Dixon's teachers notes, the word finders and crosswords from Calvary Chapel, and your own DVD resources, this curriculum provides you with many of the tools you need for effective SRE teaching.

Suitable DVD's such as the NIV Dramatised Matthew's Gospel, and Book of Acts are available at your local Christian retailers.
